

WHAT WOULD . . .

Draw 'em as you see 'em!

... a rooster look like if it were a robot?

... a car look like if it were made out of JELL-O?

... a house look like if it didn't have any corners?

... a skyscraper look like if a cake artist designed it?

... a cow look like if it were an astronaut?

... a person look like if his nose, eyes, mouth, and ears were in the wrong spots?

... a hat look like if we had square heads?

... a hat look like if we had triangular heads?

... a polar bear look like in the tropics?

... a cat look like if it spent a lot of time at the gym?

... a pig look like with hair on its head and a beard?

... headphones look like if your ears were on your elbows?
